DETAILED ACTION

The Amendment, filed on July 1, 2009, has been entered and overcomes the rejection of claims 6-9, under 35 U.S.C. § 112, second paragraph.

Claims 1, 2-9 are pending in the instant application.

Allowable Subject Matter

Claims 1,4-9 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1,6,8 and 9 the prior art of record neither teaches nor suggests the organic EL element including all the limitations as claimed and particularly the second surface of the first electrode and first and second surfaces of the emissive layer having multi-dimensionally meandering surface shape.

Claims 2,4, 5 are allowed because of their dependency status from claim 1.

Claim 7 is allowed because of their dependency status from claim 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
